Egg Harbor Township, Atlantic County

BLOCK: Various **LOT:** Various

Community Relations Coordinator: Karen Kloo (609) 777-1971

SITE DESCRIPTION/RESOLUTION OF ENVIRONMENTAL CONCERNS:

In the mid-1980s, private potable wells near this site were determined to be contaminated with several volatile organic compounds at levels exceeding New Jersey Drinking Water Standards. Residences in the area were subsequently connected to public water lines. NJDEP is periodically sampling other private potable wells in immediate area to monitor the extent of the ground water plume.
